**Description:**

Cable Tie 120lb 13" Red Nylon with Stainless Steel Locking Device Bulk Pk, Military Specified (MIL-SPEC MS3367-3-2)

**Features**

Oval low profile head is designed to prevent snags on uneven surfaces and easier to pull through bulk-heads. Non-magnetic stainless steel locking device insures both maximum strength and the right tightness every time. Because there are no notches, Ty-Rap ties provide an infinite number of locking positions while fastening the tie at the precise bundle diameter needed.

The Turned-up Tail orients the tie for easy assembly, making the ties easier to pick up on a flat surface. The No-Slip Tail provides easy grip during tensioning. Ty-Rap ties feature a unique friction surface designed to reduce slippage during installation. Smooth, notchless body reduces stress concentration points under tension, making the tie stronger and lower profile than notched body ties. Ribbed and Stippled body grips the bundle and prevents slippage. Rounded edges protect insulation, preventing sharp edges from damaging cables.
